

# EFA Programs

The Prevention Program counsels and tests individuals for HIV and Sexually Transmitted Infections (STIs), and provides treatment for STIs. Prevention also provides community outreach, including condom distribution.

Case Management provides clients with access to specialized HIV care and comprehensive support services to remove any barriers that might hinder access to, or retention in, medical care.

So that they can keep their pets in their home, the PAWS (Pets Are Wonderful Support) program provides food, veterinary services, and preventative medications for pets of those living with HIV/AIDS.

The ACCESS Project provides free statewide assistance with insurance enrollment and health insurance education on the Affordable Care Act.

education, testing and support for life.

# Red Ribbon Partnership

The Red Ribbon Partnership is a recurring giving program that provides a sustainable flow of resources for those living with HIV/AIDS.

# Making Our Community a Healthier Place for All

# Levels of Support

For over 30 years, Saint Louis Effort for AIDS (EFA) has been promoting a compassionate response to HIV/AIDS in the St. Louis community by providing education, testing, and comprehensive support services to those affected by the disease.

By pledging to join the Red Ribbon Partnership, you will be providing sustainable access to the critical services needed by those living with HIV/AIDS. Your monthly gift will ensure those living with HIV/AIDS will have the support they need to help them live their best lives possible.

Throughout the year, Red Ribbon Partnership members will receive invitations to partnership-specific open houses at EFA, as well as special opportunities for EFA events. But most importantly, partners will know that their contributions will provide on-going support for services that are essential to the well-being of those we serve.

Commit today. Join today. Your partnership with EFA will start bringing brighter tomorrows.
